

Online DV Protective Order e-Filing Solution

Online Domestic Violence Protective Order E-Filing

Catalis Protective Order e-Filing is an easy-to-use and implement web-based SaaS solution. Domestic Violence survivors can apply for a protective order via the intuitive platform using a series of questions that guide them through the process, and e-files the required documents directly to the court.

Benefits to the Court and Survivors

Removes Obstacles

Protective Order e-Filing enables survivors of Domestic Violence to virtually prepare and sign all required forms and e-file directly to the court. e-Notary is available for jurisdictions requiring notarization.

Increases Access to Justice

Access virtual service on any online device from anywhere. Protective Order e-Filing empowers petitioners to apply for protective orders 24/7 from safe locations.

Saves Valuable Time

Protective Order e-Filing's domestic violence e-filings are complete, fully compliant, legible, and accurate when received by the Court - saving clerks and courts time, expediting both service delivery and adjudication and reducing in-person traffic to the courthouse.
